GENERAL INFORMATION

Toccoa Falls College, an independent, nonprofit educational institution, educates people for vocational Christian ministries as well as professional occupations. Toccoa Falls College is an affiliate college of the [Christian and Missionary Alliance](#) denomination. Graduates serve in places of Christian leadership throughout the United States and in most nations of the free world. The College functions under a Board of Trustees that sets policy and an administration and faculty that implement the policy.

Toccoa Falls College is nestled on the edge of the Piedmont Plain and the foothills of the Smoky Mountains. The campus is in the center of 1,100 acres of forest, mountains, and streams, and on the edge of the Chattahoochee National Forest. Located on campus is the famous Toccoa Falls which is higher than Niagara Falls. The Cherokee Indians named the falls, Toccoa, meaning beautiful.

HISTORY

In the fall of 1907, Dr. Richard A. Forrest founded the Golden Valley Institute at Golden, North Carolina, to provide educational opportunities for young people in the South who had been educationally deprived. The institute offered general and biblical studies to prepare dedicated persons for Christian ministries and service.

Realizing the need to be nearer to a railroad for easier access, on January 1, 1911, Dr. Forrest purchased the Haddock Inn and 100 acres of land including the beautiful Toccoa Falls, near Toccoa, Georgia. On October 19, 1911, the institute moved from Golden Valley to Toccoa. Reorganized and enlarged, Toccoa Falls Institute which had existed in embryo in Golden Valley became a reality. Since many early students of Toccoa Falls Institute had not had the opportunity for a secondary education, general and vocational high school courses were offered along with the two-year track of biblical and theological training.

Under the direction of Dr. Forrest, the school kept pace with the advancement of educational standards in the United States. In 1928, the State of Georgia fully accredited the Toccoa Falls High School. This established a cooperative relationship with the county educational system that continued until the academy closed in 1976.

In 1937, the two-year Bible course was expanded to a four-year Bible college program by adding to the biblical and theological studies a number of courses in the field of general education. The Legislature of the State of Georgia chartered the college division in 1939 and authorized the institute to grant the degree of Bachelor of Arts in Biblical Education. In 1957, the college was accredited by the Association for Biblical Higher Education, formerly the Accrediting Association of Bible Colleges, and on December 13, 1983, by the [Commission on Colleges of the Southern Association of Colleges and Schools](#).

During the history of the institution, there have been seven presidents: Dr. Richard A. Forrest, Founder; Dr. Julian A. Bandy; Dr. Kenn W. Opperman; Dr. Paul L. Alford; Dr. Donald O. Young; Dr. W. Wayne Gardner; and Dr. Robert M. Myers. In October 1975, in order to keep abreast of the current usage of terms, the Board of Trustees changed the name from Toccoa Falls Institute to Toccoa Falls College.

Dr. Forrest often referred to the school as a “tree of God’s planting.” The tree has expanded and has borne much fruit. It has also been severely tested on several occasions. In 1913, Haddock Inn, which housed all the school facilities, burned to the ground. In 1950, a fire destroyed LeTourneau Hall, the women’s dormitory. In 1958, the music building burned.

The severest trial of all came on November 6, 1977, when the dam holding back the lake above the falls burst and 40 acres of water surged across the lower campus leaving in its wake 39 dead, 60 injured, and millions of dollars in property damage. When the news of the tragedy spread, thousands of people responded. Local, state, and federal agencies, churches, colleges, businesses, and private individuals gave personal, material, and financial aid. With their help, the college recovered. The story is recounted in the book, *Dam Break in Georgia: Sorrow and Joy at Toccoa Falls*. God has been faithful. Though tried by fire and water, His “tree” continues to flourish.

The College has always maintained a fellowship with evangelical Christian organizations. Dr. Forrest was associated with the Christian and Missionary Alliance for over half a century. He pastored the First Presbyterian Church in Toccoa for 25 years and upon his retirement became pastor-emeritus. An evangelist of national reputation, he preached regularly in churches of many different denominations and personally desired that the ministry of Toccoa Falls College be as broad as the wide fellowship of Christian believers. His heartwarming biography is told in the book, *Achieving the Impossible--With God*, by Lorene Moothart. The larger story of Toccoa Falls is found in *A Tree God Planted*, by Troy Damron.

PRESENT DAY

Now in our second century, Toccoa Falls College continues to focus on students who are dedicated to Christ and aspire toward academic excellence in preparing to invest their lives either in full-time Christian ministry or in ministry through their secular employment. TFC currently has 30 majors and 48 minors in four different schools: Arts and Sciences, Christian Ministries, Nursing, and Professional Studies.

In 2020, the College added the School of Graduate Studies with its first program, the Master of Arts in Organizational Leadership. In 2021, the College launched a Master of Arts in Marriage and Family Therapy and in 2023 a Master of Arts in Christian Ministry to continue our pursuit of preparing Christian leaders and professionals to influence the world wherever God places them. As the School of Graduate Studies has grown, additional degrees, concentrations, and certificates have been added, as described in this catalog.

On October 6th, 2022, Toccoa Falls College celebrated the official ribbon-cutting ceremony for the Gary D. and Karolyn J. Chapman School of Graduate Studies Office Building. This ceremony was an exciting event marking a vision many years in the making becoming a reality. TFC is grateful for the prayers, commitment, time, and resources that have been devoted to the graduate school program by so many over the past few years and especially honored by the dedication and generosity of the Chapmans.

“Where Character is Developed with Intellect”

STATEMENT OF FAITH

Toccoa Falls College shall teach and defend the historic and basic doctrines of evangelical Christianity such as:

The verbal inspiration of the Holy Scriptures as originally given;
The existence and manifestation of one God in three persons, Father, Son and Holy Spirit;
The incarnation and virgin birth of the Son of God;
The redemption of man by the vicarious death of Christ on the cross;
The bodily resurrection from the grave;
The fact that all men have sinned and consequently must be regenerated by the working of God's grace;

Justification by faith;
The sanctifying work of the Holy Spirit in the believer, producing holiness of life and power for service;

Practical faith in the sufficiency of Christ for spiritual, temporal, and physical needs;
The purifying hope of the Lord's imminent return; and
The urgency of preaching the gospel to all mankind, that men may be saved from eternal judgment.

The said College, even though non-sectarian, is to be conducted according to the faith and teaching of the Christian and Missionary Alliance.

COMMUNITY STANDARDS

Toccoa Falls College is a private, Christian professional institution that has sought to create and encourage the kind of atmosphere in which quality Christian education can flourish. It is believed that the College should provide the student with precept and example from which a student can develop personal values within a biblical framework.

The College expects its faculty, staff, and students to maintain personal conduct, which is spiritually and morally constructive—thus glorifying the Lord in all things.

The student should understand that attendance at Toccoa Falls College is a privilege granted only to those who desire to work together in the carrying out and attaining of the aims of a Christian college.

When a student is accepted, there is implied an agreement to be diligent in studies and employment and to obey the student handbook regulations. The administration reserves the right to request any student withdraw who is considered to be out of harmony with the spirit of the College. It is expected that the conduct of each student will give evidence of Christian standards of honesty, morality, and courtesy.

The policy of the College in promoting spiritual growth and the pursuit of learning is best summed up in these words: Be diligent to present yourself approved to God as a workman, who does not need to be ashamed, handling accurately the word of truth (2 Timothy 2:15, NASB).

The leaders of Toccoa Falls College believe that the application of biblical principles in the lives of the faculty and the students will result in personal love and commitment to Christ, wholesome consideration for others, and a well-disciplined life.

ACCEPTED WITH SPECIFICATION

Students who do not meet the standards for admission may be admitted to the Toccoa Falls College Graduate Studies programs with specification. This decision will be based upon the Program Director's recommendation. If accepted, and admission with specification is granted, the Program Director will request one of the following options for full acceptance:

- Complete 6 undergraduate CSG/PSY credit hours and achieve the minimum of a 3.0 GPA.
- Limited to 6 graduate credit hours in student's first semester and achieve the minimum of a 3.0 GPA.

Full acceptance would occur after achieving the minimum-standard GPA. If requirement is not met, student will be administratively withdrawn from the program. Students who are withdrawn from the College will be

neither academically nor financially responsible for any future courses for which they may have been pre-registered and may reapply in 12 months for reconsideration.

Please note that The School of Graduate Studies reserves the right to request additional documentation or an appeal for students that do not meet admission requirements.

DEFERRED ADMISSIONS

Students who cannot provide sufficient admissions documentation may be deferred until complete and acceptable documentation is provided. Students currently attending a course will be permitted to complete the course but will not be registered for any additional coursework until officially admitted.

DENIED ADMISSIONS

Students who do not meet the admission requirements of the College will not be accepted.

NON-DEGREE SEEKING STUDENTS

The College offers single course registration to applicants who are not interested in enrolling in and completing a specific program of study. The same policies and procedures governing regular admission to the College apply to non-degree seeking students. The College furnishes grades and transcripts for courses taken.

Non-Degree seeking graduate students may take a maximum of 18 credits (up to 6 courses). Exceptions to this policy require approval from the Vice President for Academic Affairs, or designee.

If additional credits are needed, students must enroll in a degree or certificate program.

Graduate-level credit earned may later be applied toward a degree program at Toccoa Falls College, provided the student applies for admission and is accepted to the College. Applications for admission will be evaluated on an individual basis.

AUDITING

Graduate studies courses may be audited with the approval of the Dean of Graduate Studies and subject to available space. Applicants who wish to audit a course for personal enrichment must complete a Graduate Application Form, submit official transcripts showing completion of at least a bachelor's degree, and pay the auditing fee. A student may not change to audit status, or from audit status to credit status, after the end of the Drop/Add period.

ACADEMIC STANDARDS FOR ATHLETIC PARTICIPATION

Graduate students may be eligible to participate in TFC athletics based on remaining cumulative semester eligibility. As a member of the National Christian College Athletic Association (NCCAA), Toccoa Falls College student athletes are required to maintain certain standards. Students should be aware of the required academic standards upon application to a graduate program.

Graduate student athletes must be enrolled in a minimum of 9 semester credit hours, as considered full-time for graduate study. The student athlete may not be on any form of academic restriction or probation, meaning they will have no grade below a B- and will maintain a minimum 3.0 cumulative grade point average. TFC student athletes on academic discipline are not eligible to participate in games or travel to

away games as per NCCAA regulations. Further information concerning the academic standards and athletic eligibility of the NCCAA may be obtained from the TFC Athletic Director.

INTERNATIONAL STUDENT ADMISSION

Because our graduate programs are currently non-residential, Toccoa Falls College cannot issue paperwork for graduate students to obtain a student (F-1) visa. International students, therefore, must complete their respective programs of study from their home countries. The following details the requirements for international student admission.

INTERNATIONAL STUDENT APPLICATION PROCEDURES

In order to be considered for admission, international students must meet the standard Graduate Admissions Requirements with the following stipulations and provisions:

1. **Official College and/or University Transcript(s):** Official transcripts (written in English or translated, if not in English) of the student's college or university work must be sent directly from the college or university to Toccoa Falls College. TFC will consider three-year international bachelor's degrees for admission into graduate level programs. The acceptance of three-year international bachelor's degrees is contingent upon the student's foreign credential evaluation (from a TFC approved evaluation agency). The evaluation must indicate that: "The degree prepares the student for graduate level studies" OR "Given the relatively high proportion of coursework completed in the major field of study, the foreign degree program has prepared this student to meet minimum graduate admission eligibility standards." If the evaluation indicates that the three-year bachelor's degree does not prepare the student for graduate level studies, the student must complete a degree equivalent to a US bachelor degree prior to entering a graduate program. The following countries will be considered for three-year bachelor degrees: Bologna Process participating countries, Australia, Canada, New Zealand, and India (Bachelor in Commerce only).
2. **English Language Proficiency Documentation:** Since all instruction, reading, and research is written in and taught in English, it is essential that all international students be able to understand and speak English fluently. In light of this, the College requires for graduate admission a paper-based TOEFL score of 575, computer-based TOEFL score of 233, or an Internet-based TOEFL score of 90 for students whose native language is not English, or whose primary language of instruction on the undergraduate level was not English. Students who are not able to take the TOEFL may instead take the IELTS Academic (with a minimum score of 7). A student's TOEFL or IELTS requirement may be waived if s/he has scored above the minimum score for acceptance on either the GMAT or GRE. It is highly recommended that international students applying to TFC should apply at least four to six months prior to the desired date of enrollment. Test scores more than five years old will not be accepted.

EVALUATION OF FOREIGN TRANSCRIPTS

This policy applies to international students and US citizens/permanent residents with transcripts from international (non-US) academic institutions, regarding both graduate and undergraduate degrees for admission and credits students have earned at foreign institutions and wish to transfer to TFC. In order to evaluate foreign credentials accurately and consistently, Toccoa Falls College requires all international college or university transcripts be evaluated by a college-approved evaluation service. Among others, College-approved evaluation services include those agencies that are members of, or affiliated with, the National Association of Credential Evaluation Services (NACES) and the American Association of Collegiate

Registrars and Admission Officers (AACRAO). Toccoa Falls College will not accept any student for graduate study or award any transfer credit from foreign credentials without an evaluation from an approved evaluation service. The fee for evaluation is the responsibility of the student.

There are three conferral dates each year that would apply to graduate studies for the following semesters or terms: Spring, Summer, and Fall. ACADEMIC SESSIONS

Toccoa Falls College operates on the semester system. The summer term is made up of one eight-week session in May, June, and July. Online courses are offered in both semester-long and shorter eight-week sessions within each semester.

Graduate programs are offered through asynchronous online study, mostly as eight-week sessions according to the schedule for Fall Sessions A and B, and Spring Sessions A and B. Some courses are also offered in an eight-week long summer session.

Occasionally, graduate program courses are delivered in a semester-long or summer-long format in order to allow students greater flexibility in completing course requirements.

The Master of Arts in Marriage and Family Therapy program requires four courses be taken in a hybrid format with online pre-work, an on-campus residency for 3 days (usually Friday evening to Sunday at noon), and online post-work.

REGISTRATION AND SCHEDULING

ENTERING CATALOG

The Graduate Studies Catalog, which is current during the first term the student is enrolled and attending as a degree-seeking student, contains the academic program requirements that the student is to follow. That catalog will remain open to the student as long as the student maintains continuous enrollment up to four years or six years depending on the program (See pg. 20) until the student either graduates or does not re-enroll for one or more terms.

After a break in enrollment, the student is required to apply for re-admission and returns under the current academic catalog. Students may choose to meet the requirements of a newer catalog by submitting a "[Request for Change of Catalog](#)" form. In all instances, students carry full responsibility for completing their own program of study.

ACADEMIC LOAD

A full-time load at the graduate level is considered at least 9 semester hours during the regular fall and spring terms. Students may register for a maximum of 12 semester hours in a regular semester, except when enrolled in an additional semester-long course (e.g., LED 683 Developing Research in Leadership, sixteen-week Spring semester). A full-time load in the summer term is 6 semester hours.

REGISTRATION

Online registration is available for online graduate students through the student portal of Jenzabar J1 during the posted dates for the Schedule Selection period. Questions about your course schedule should be referred to your faculty advisor, or you may contact the Graduate Studies office at gradstudies@tfc.edu.

DROP/ADD PERIOD

Graduate students may drop and add courses during the first three days of an academic session using the J1 Portal. Students should consult the published calendar for specific dates. Students may not add new courses after the end of the Drop/Add Period.

NO-SHOW POLICY

Graduate students must check-in to all courses via a standard Check-In activity/quiz within the designated Drop/Add Period for the respective course. If a graduate student fails to complete a Check-In activity (Check-in Quiz) by the end of business day (5:00 PM Eastern Time) of the Drop/Add Period deadline, the student is given 24 hours to communicate/respond to the Graduate Studies Office stating their intent to participate in and complete the course. If the graduate student fails to notify the School of Graduate Studies Office of intent within the 24 hours following the deadline, the student will be dropped from the course. All courses finalized as "No-Shows" will be treated the same as a dropped course and have no academic or financial penalty apart from removal from the course.

DIRECTED STUDY

Directed study is a regular course of study taken outside the normal class period with content and requirements similar to those prescribed for the regular class. When a particular course is required for graduation and the enrollment is not sufficient to constitute a regular class, arrangements for individual instruction via directed study may be required. Directed studies place a heavier burden on the student to take responsibility for their own course material and learning experience. The College considers directed study hours as part of the normal course load. Once a directed study has been approved, a student who cancels a directed study may be charged a \$100.00 Directed Study Cancellation Fee.

COLLEGE RESIDENCY REQUIREMENTS

The final two-thirds of a master's degree must be completed through Toccoa Falls College.

VOLUNTARY WITHDRAWAL FROM COURSES

Withdrawals after the Drop/Add period of any academic session note whether the student was passing or failing on the transcript. Students must return a completed course withdrawal form to voluntarily withdraw. The last day to withdraw from a class without an academic penalty is the midpoint of the session. Students who withdraw failing after the midpoint receive "F." Withdrawal grades are calculated as hours attempted.

ADMINISTRATIVE WITHDRAWAL FROM COURSES

Toccoa Falls College reserves the right to withdraw a student involuntarily. An administrative withdrawal results in the student's removal from course(s). An administrative withdrawal renders the student ineligible for any refund of institutional charges. Withdrawal grades are calculated as hours attempted. Reasons for administrative withdrawal may include, but are not limited to, the behavior of a student who:

- Is not regularly entering the graduate course page, actively participating in online coursework, and responding to emails in a timely manner, which may indicate an attitude of apathy.
- Demonstrates an apparent threat of harm to self or others.
- Engages in an activity that leads to significant property damage.
- Fails, after due notice, to satisfy financial obligations to the College.
- Violates standards of the academic policies in this Handbook.

WITHDRAWAL FROM A PROGRAM

To withdraw from a program, students must notify their faculty advisor and the Dean of the School of Graduate Studies by completing a [Graduate Program Withdrawal Form](#). **Prior to withdrawing from the program, students should contact Student Accounts to clear their account.**

APPLICATION FOR RE-ADMISSION FOLLOWING WITHDRAWAL FROM THE PROGRAM

The Office of the Registrar, Student Financial Services, and Dean of School of Graduate Studies must approve students applying for readmission to the College. The Office of Admissions initiates this process once the former student submits an Intent to Re-Enroll application. TFC requires former students to submit all required documents to complete the admissions file as stated below.

Should a student desire to re-apply to a graduate program, following a student-initiated withdrawal from the program, it is required that s/he submit an Intent to Re-Enroll application to the School of Graduate Studies. In addition to the application, the student must also submit a current resume and official transcripts from any school(s) attended since s/he was last enrolled in that graduate program. If the student has been unenrolled from TFC for a year or longer, the student will also need to submit an admission essay. Readmission will be based upon a review and approval of all materials by the Admissions Counselor, Office of the Registrar, and Student Financial Services. Should the time between the withdrawal and return be such that the program requirements have changed, the student must be admitted under the new requirements and any deficiencies must be satisfied.

ADMINISTRATIVE WITHDRAWAL FROM A PROGRAM

Should a student not re-enroll for the next semester without completing a withdrawal form, that student may be administratively withdrawn from the program. In addition, a student who has been administratively withdrawn from courses may also be administratively withdrawn from the program due to the severity of the case. Before an administrative withdrawal is put into effect, the student will be given the opportunity to appeal the decision. Administrative withdrawal based on matters related to violations of academic policies or academic issues may be appealed to the Graduate Appeal Committee. Should such a graduate student decide at some time to continue the program, it would be necessary to appeal to reapply to the program. Appeals must be approved by the Dean of Graduate Studies before the student is allowed to continue.

REPEATING A COURSE

Repeating a course for the purpose of improving a grade is possible. At this level, courses may only be attempted twice. A repeated course with the corresponding grade will appear on the student's academic transcript after the course is completed, but only the last grade earned will be used in calculating the student's cumulative grade point average. Tuition costs for the repeated class are the responsibility of the student.

Students in the Master of Arts in Organizational Leadership, Master of Arts in Christian Ministry, and Master of Arts in Theology must earn at least a C or higher in all courses, and any grade lower than a C must be repeated. Students enrolled in the Master of Arts in Marriage and Family Therapy, Master of Arts in Counseling Ministries, and the counseling certificates are required to earn a B- or above in all courses, and any grade lower than a B- must be repeated.

INCOMPLETE

Students may request an "incomplete" from the instructor if an emergency or other extreme circumstance prevents completion of coursework by the end of the semester. The instructor will obtain and submit the proper [form](#) (linked here) to the Registrar's Office for approval if the instructor supports the request. The normal deadline for an incomplete is 30 days. If special circumstances warrant, an extension may be given. Instructors must use another form, also obtained from, and submitted to the Registrar's Office, for an extension. When the incomplete is made up, the instructor will issue the final grade using the Change of Grade form. The College issues an "FX" automatically to students who do not finish the course requirements by the deadline, or the extension granted.

GRADES AND ACADEMIC STANDING

SATISFACTORY ACADEMIC PROGRESS

Students must demonstrate satisfactory academic progress toward completion of their respective program of study in order to maintain eligibility for enrolling in classes. The standard for academic progress requires that students must maintain a cumulative grade point average of 3.0 or higher. Students in the MACHM, MATHe, and MAOL programs must repeat or replace any course with a grade lower than a C and may not graduate with more than two Cs on their record. Students in the MAMFT, MACM, CMFC, and CTT programs must repeat or replace any course with a grade lower than a B-.

ZERO CREDIT HOUR POLICY (TFC 500)

At Toccoa Falls College, zero credit-hour courses are avoided whenever possible. However, it is recognized that under certain conditions they are necessary, helpful, and advance programmatic goals and objectives. The following factors are considered by the TFC Curriculum Committee whenever a zero credit-hour designation is proposed for a course:

1. Courses that focus solely on skills development and/or performance
2. Courses that do not necessarily meet regularly for the entire semester
3. Courses that facilitate form completion, applications, registrations, etc.
4. Courses that facilitate general orientation to a major
5. Courses that do not involve written assignments or exams

If a course is determined to exhibit 3 or more of the above characteristics, it is considered eligible for the zero credit-hour designation and the Curriculum Committee may vote to present the proposal to the full faculty in accordance with the College's standard procedure for curricular approval. Final grades assigned for zero credit-hour courses do not factor into a student's GPA, but for all courses listed within a major, a C- or better (or S, if applicable) is required to fulfill graduation requirements.

ACADEMIC DISHONESTY

PLAGIARISM AND CHEATING

Integrity extends to all parts of the Christian's life and character. This includes the Christian's academic life. Plagiarism is defined in the APA Manual as the act of presenting the words, ideas, or images of another person as your own without giving proper credit. Plagiarism is not limited to word-for-word copying: it includes any false assumption of authorship, including paraphrasing lines of reasoning from printed sources and copying or stealing from an unpublished writer. Although it can be unintentional, plagiarism is always a serious offense.

Examples of intentional plagiarism include but are not limited to: buying a paper from a public source, copying material from a printed source, soliciting, or allowing someone to submit material for you, the usage of artificial intelligence (AI), and submitting previously written material without the consent of the faculty members. In Graduate Studies, since a student relies heavily on published scholarly material, it is increasingly important to avoid any appearance of plagiarism, and APA standards for giving proper credit for both general ideas and direct quotes should always be followed. It is also considered "unethical to fabricate citations and/or reference entries" and to "hire someone else to write a paper (contract cheating)" (APA, 2020, p. 256).

Any submitted academic work may be checked for academic dishonesty by plagiarism and AI detection programs. Should an instructor discover that a student has intentionally or unintentionally plagiarized any portion of a submitted assignment, s/he will immediately notify the Dean of Graduate Studies and appropriate disciplinary action will be taken. This will include a failing grade for the assignment and possibly an automatic "F" for the entire course. This grade shall take precedence over a course withdrawal received by the Registrar's Office on the same day or later than the instance of academic dishonesty.

Graduate students may also be dismissed from the entire program. Any modification of the above disciplinary action will be considered only if the student files an appeal to the Graduate Appeals Committee through the Graduate Studies Office.

[GRADUATE STUDIES ASSIGNMENT COVERSHEET](#) is required for each assignment submitted in which the student verifies the authorship of their work.

INACCURATE INFORMATION

Graduate students who knowingly submit inaccurate, misleading, and/or falsified documents, which would include, but is not limited to, plagiarism in a course or the omission of information and/or documents during the admission process, will be referred to the Dean of Graduate Studies. Such actions constitute grounds for disciplinary action, including possible dismissal.

ACADEMIC DISCIPLINE

ACADEMIC WARNING*

Should a graduate student's cumulative GPA fall below the 3.0 graduation requirement, the student will be placed on Academic Warning for the following semester. A student on Academic Warning will be limited to 9 credit hours during the next semester of attendance. The Academic Warning status will be removed after the semester of Warning if the cumulative GPA meets the 3.0 graduation requirement.

ACADEMIC PROBATION*

Should a student on Academic Warning fail to meet the 3.0 cumulative GPA graduation requirement at the end of the semester of Academic Warning, the student will be placed on Academic Probation. A student on Academic Probation will be limited to 6 credit hours during the next semester of attendance. The Academic Probation status will be removed after the semester of Probation if the cumulative GPA meets the 3.0 graduation requirement.

ACADEMIC DISMISSAL*

Should a student on Academic Probation fail to meet the 3.0 cumulative GPA graduation requirement at the end of the semester of Academic Probation, the student will be placed on Academic Dismissal.

ACADEMIC DISCIPLINE APPEALS

A student on Academic Dismissal may appeal to apply for re-admission after an absence of one semester but will be re-admitted only upon the approval of the Graduate Appeals Committee, comprised of the Vice President for Academic Affairs, the Dean of Graduate Studies, the Director of IR/IE, program directors, and graduate faculty, the decision of which is final. If re-admitted, the 3.0 cumulative GPA graduation requirement must be met by the end of that semester in order to avoid permanent dismissal.

RECORDS

TRANSCRIPTS

The Registrar's Office keeps the permanent record of all credits earned by each student on file. The College does not issue transcripts unless the student fulfills all financial obligations owed to the College. The Registrar's Office issues transcripts only upon receipt of an electronically submitted request through Parchment.

PRIVACY RIGHTS

In accordance with FERPA, the Family Educational Rights and Privacy Act of 1974 as amended, Toccoa Falls College guarantees any student who is or was attending Toccoa Falls College the right of access to inspect and review their educational records, subject only to certain specific exceptions. With other limited exceptions, any employee of Toccoa Falls College will not disclose personally identifiable information from educational records to any third party without the written consent of the student.

The College guarantees each student an opportunity to challenge the accuracy of information contained in any file or record that the student may access, including the right to a hearing if so requested. Each student also has the right to file a complaint directly with the U.S. Department of Education whenever the student believes the rights afforded the student by the College policy or the Family Educational Rights and Privacy Act have been violated. Students can obtain copies of the complete College policy statement on student education records from the Registrar's Office.

REQUEST TO PREVENT DISCLOSURE OF DIRECTORY INFORMATION

The Registrar's Office provides forms to request non-disclosure of directory information at fall registration. The Registrar's Office uses the form to carry out student desires regarding the release of directory information from education records. Forms are effective only for one year; therefore, students must renew this form each fall.

RECORDS RETENTION POLICY

The transcript is the permanent historical record of the student's academic performance at Toccoa Falls College. It contains the semester-by-semester record of enrollment in courses, grades awarded, and degrees conferred. The Registrar's Office permanently retains the transcript in the student's file. The student's file also contains supplemental material associated with admission to TFC, enrollment, and graduation. Examples include petitions for an exemption to policy, degree audits, evaluations of transferred work, and miscellaneous correspondence. The office destroys these supplemental materials five years after the student's last day of attendance.

STUDENT COMPLAINTS AND APPEALS

COMPLAINTS

We recognize there are times that students may have concerns or complaints regarding a policy, experience, or decision. The Toccoa Falls College School of Graduate Studies wishes to provide a clear and efficient way for these concerns or complaints to be presented to the proper office on campus.

A graduate student should contact the School of Graduate Studies Office when they would like to file a formal complaint. If necessary, the Graduate Studies Office may direct students to a more appropriate office. Minor concerns may be resolved quickly, such that no formal record needs to be made. Students may also issue an informal complaint without a written record in instances where they simply want advice or direction on dealing with a concern or complaint. However, students can choose to submit a formal written complaint to the School of Graduate Studies by completing a "Graduate Student Issues of Complaint/Concern" form.

[Complaints](#) may be lodged using the online form found in the [Graduate Student Resource Center](#) on Moodle. The Graduate Studies Office will respond to all complaints within 48 hours. Should unsatisfactory resolution be given to any complaint, the issue may be elevated to the Vice President for Academic Affairs or the Vice President for Student Affairs, as appropriate.

Any student who is not satisfied with the way TFC resolved the complaint should contact the Georgia Nonpublic Postsecondary Education Commission: <https://gnpec.georgia.gov/student-resources/complaints-against-institution>.

GRADE APPEAL PROCESS

Students who have concerns related to academic courses (grading, assignments, class policies, course material, etc.) should first discuss the matter with the course professor. If no agreement on the matter can be reached, the student may consult the Dean of Graduate Studies. If the matter is still unresolved, the student may present the issue to the Vice President for Academic Affairs. The Vice President for Academic Affairs may choose to refer the matter to the Graduate Appeals Committee. Students must submit all appeals and rationale in writing to the instructor within 14 days of the last exam day of the semester in question. Grade changes submitted after this period must have the approval of the Dean of the School of Graduate Studies.

TITLE IX

WHAT IS TITLE IX?

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex under any education program or activity receiving federal financial aid. Sexual assault and sexual harassment are both forms of sex discrimination prohibited by Title IX. Toccoa Falls College is committed to providing an environment of learning, living, and working that fulfills the human spirit and promotes a healthy environment for its students and employees. Sexual discrimination, including but not limited to sexual assault, sexual harassment, stalking, domestic violence, and sexual exploitation, committed by or against Toccoa Falls students, staff, or faculty, will not be condoned. This applies to a variety of campus environments that include academic, athletic, residential, and other College sponsored programs. If you believe you or others have been sexually harassed, assaulted, or subjected to sexual harassment by a TFC student or employee, it is highly encouraged to seek assistance. We want to help. The content located here is intended to help and provide support for both the complainant and the respondent. Our first priority is our campus community while also being in full compliance with directives provided by the United States Department of Education (DOE) and the Office for Civil Rights (OCR).

When Should I Contact the Title IX Coordinator?

Any student or TFC employee, or applicant who has concerns about sex discrimination or sexual harassment should proactively seek the help of the Title IX Coordinator.

Use the following guidelines to help determine if seeking assistance is necessary.

- You desire to understand what measures or options exist if an encounter of sex discrimination or sexual harassment has occurred (sexual assault, sexual harassment, stalking and domestic violence).
- Unsure how to proceed if you have been directly or indirectly involved in a situation involving any of the above misconduct.
- Become aware of an incident that could necessitate a College inquiry/investigation.
- You seek to bring calm or decreased intensity to a situation that has reached a level you did not anticipate and feel administrative intervention could help.
- Have questions about TFC's policy or procedures involving incidents of sexual harassment.

CONFIDENTIALITY & NOTIFICATION

Toccoa Falls College will take reasonable steps to maintain the privacy of those who seek assistance from the Title IX Coordinator, if requested. If the circumstances do not allow privacy to be maintained, this will be discussed with the person making the report prior to disclosure to the alleged offender, if possible.

The confidentiality of the victim will be protected from the public. Simultaneous notification to the victim of all campus disciplinary outcomes associated with the incident(s) will be provided by College officials in writing. In collaboration between the victim and the College, appropriate interim measures taken initially will continue until deemed unnecessary.

FILE A REPORT

Reporting an incident of concern regarding sexual harassment is the right thing to do and is received with support for all involved. First, investigating an incident begins with reporting the incident. If a conversation is needed prior to filing a report, this is permitted as well. Asking questions is always a reassuring step to feel more confident when moving forward.

The link below will help you access the official form to submit a report. After submitting, it will be reviewed within 24 hours of receipt.

The library provides members of the College community with resources for their intellectual, spiritual, and cultural development. The library's total learning resources include access to over 758,000 volumes (paper and electronic), over 175,000 electronic periodical subscriptions, and over 3.4 million scholarly reference articles. Also available are over 38,000 e-videos. Library Orientation sessions are held at the beginning of each semester for all new students.

ONLINE LIBRARY RESOURCES

The library's online catalog link can be accessed remotely from any location. The [library's webpage](#) and the Library section of the Graduate Student Center in the Graduate Course Pages provide access to an array of library services including: searching the library's catalog, searching library databases, checking your library account, renewing materials online, requesting an interlibrary loan, asking a reference question, reading the library's collection of electronic resources, as well as making suggestions for improving library services. Access is available 24 hours/day all year long.

Importantly, the library is a member of Georgia's Library Learning Online (GALILEO), a statewide resource sharing network used by all Georgia educational institutions provided through the University System of Georgia. GALILEO is an annual subscription-based service that provides the TFC community access to approximately 200 online databases [<https://www.galileo.usg.edu/>]. Digital full-text journals and magazines are available to all library patrons through this resource. The library also has agreements with various vendors to provide electronic databases including Films on Demand, Credo Reference, JSTOR, PROQUEST, EBSCO and Statista for graduate students.

For MFT and counseling students, an important resource that has been made available is www.Psychotherapy.net, a counseling video library database. Also, the *Journal of Marital and Family Therapy* has been added to the TFC digital library database.

EXTERNAL LIBRARY RESOURCES

As a member of Georgia's Private Academic Libraries (GPALS) consortium, Toccoa Falls College students are provided full circulation privileges to 23 other academic libraries throughout the state of Georgia and the University of Georgia.

The University of Georgia at Athens allows TFC students, faculty, and staff to receive free UGA library cards and reference services. Upon request, the TFC Library Director will send a letter verifying that the TFC graduate student desiring a UGA library card is in good standing with the Seby Jones Library.

Additionally, the interlibrary loan service (ILL), which allows the borrowing of books from libraries all over the United States (WORLD CAT), is available to all students, faculty, and staff for their research needs. Requests are made using an [online form](#) or via email [ill@tfc.edu]. Interlibrary loan services are advertised on the library website at <https://tfc.edu/academics/library/>.

RESEARCH ASSISTANCE

The reference staff offers individual assistance with library research including instruction on using the Internet, locating library resources, and searching online databases. Online reference help is available through email, on the Graduate course pages, and by phone during posted hours. A variety of Subject Seminars are available on campus each semester which graduate students may attend.

MEDIA AND TECHNOLOGY

The library provides access to Windows and Mac computers for student use. Video cameras and headphones are available for checkout for use within the building. Voice recorders are also available for checkout. DVDs and CDs are available for listening, viewing or checkout. The library also provides laminating services and materials for making bulletin boards. A color copier, scanner, and printers are available for student and faculty use.

The IT department supplies and maintains the permanent projection equipment in campus classrooms. The library provides portable multimedia projectors and other media equipment for checkout to faculty, staff, and students for campus use.

ADDITIONAL MATERIALS FOR ONLINE COURSEWORK:

- Computer with basic audio/video output
- Internet access is required (broadband recommended)
- Adobe Reader
- Microsoft Office

All TFC students have access to the Microsoft Office Suite through myTFC and are able to download it on their computers while enrolled at TFC. Please contact the IT Department if there are any questions or issues regarding downloading Office at support@tfc.edu.

Moodle is the college's learning management system, which allows the online learning environment to take place. Moodle is referred to as Graduate Course Pages at Toccoa Falls College. It is where students will be able to access their online courses and complete the activities/ assignments that are required. Graduate Course Pages can be accessed through logging into my.tfc.edu and clicking on the Graduate Course Page Icon in the Quick Launch Navigation panel. A student can email support@tfc.edu if there are any issues logging into my.tfc.edu.

CIRCULATION SERVICES

Graduate students may check out books and DVDs from the library for a period of two weeks with renewal privileges if needed. DVDs circulate for three days. Students may renew materials up to three times at the Help Desk, by phone, or via the library webpage. Fees for lost materials include the replacement cost plus a processing fee. Fines are charged for overdue materials. Brochures with basic library policies and procedures are available in the library and on the library's webpage.

STUDENT SUPPORT SERVICES

We realize studying online as an adult, along with many other responsibilities, can be quite challenging; however, our goal is to ensure the success of each of our students by providing personalized care and attention throughout their studies.

WELCOME WEBINAR

At the beginning of each academic year the Dean of the School of Graduate Studies and current faculty will welcome students with a live webinar that students are required to attend. The intention is to provide guidance on getting started with online studies in the most user-friendly manner. Orientation will be given on how to locate relevant materials in myTFC, the Graduate Course Pages, additional resources for graduate students, and answers to any questions or concerns. The webinar will be recorded and readily available for those who cannot attend in person.

Additionally, graduate students will regularly receive information from the School of Graduate Studies Office reminding them of all available support services while they are a student at TFC.

TFC 500 GRADUATE STUDIES ORIENTATION

In addition to the Welcome Webinar, graduate students will all be required to participate in a graduate orientation course during their first semester of enrollment in fall, spring, or summer. This course, TFC 500, will provide valuable information and support as students embark on graduate-level study, research, and academic writing. Topics to be covered include: the mechanics of excellent academic writing, understanding scholarly journals, reading research reports, the effective use of online databases, suggestions for efficient time management, and much more. The College does not charge tuition for this course since it is a non-credit course; however, a passing grade is a requirement to continue in the program. **Students receiving an Unsatisfactory (U) in TFC 500 on their first attempt will have one additional opportunity to earn a Satisfactory (S) for the course before being considered for dismissal from the program.** If an undergraduate student is taking a graduate level course as a senior, they are not required to take TFC 500 until they formally apply for a graduate program.

GRADUATE STUDENT RESOURCE CENTER

An online [Graduate Student Resource Center](#) is available for all students as a repository of additional resources to support students with improving writing quality, referencing, researching, and/or study habits and general time management. This Resource Center will continually be updated and expanded by the faculty of the School of Graduate Studies and the TFC Library staff as needed, and as additional resources are added.

DEVELOPING COMMUNITY

We strongly encourage students to participate in TFC student life as much as possible. For graduate students living near Toccoa, this may include using the library on campus, attending regular College events, attending chapel services in person or online, or visiting the bookstore or falls. Graduate students may also participate in clubs and sports, though they may not hold leadership positions. It is important to feel a part of the College community even though classes take place online. When participating in on campus activities students should be aware that they are subject to all TFC student conduct policies as enumerated throughout the [Toccoa Falls College Student Handbook](#) available on the TFC website.

The following are some services that may be important for TFC graduate students. We encourage students to reach out early with any concerns or questions in order to provide necessary help in a timely manner.

ACADEMIC WRITING AND RESEARCH ASSISTANCE

The goal of [Academic Writing and Research Assistance](#) is to provide a variety of academic and support services for student achievement and adjustment in graduate studies. Assistance is available free of charge to currently enrolled students requesting help. Assistance involves one-on-one support from qualified personnel who have been approved by the Dean and the faculty in a given subject area. The form for [requesting writing or research assistance](#) is in the Graduate Student Resource Center.

ACADEMIC ADVISING

Graduate students will receive academic advising and guidance throughout their course of study from their program director. The College may assign each incoming graduate student an academic mentor in the field of study the graduate student is pursuing. The faculty mentor is an integral part of the student's educational program, so it is important to establish an ongoing relationship. Please note, it is the graduate student's responsibility to complete all requirements of the program of study. Students cannot hold mentors liable for student failure to meet specified program requirements.

ACADEMIC SUPPORT

Students have access to the [Toccoa Falls College Center for Academic Success](#) for disability support, as needed. The Americans with Disabilities Act (ADA) defines a person with a disability as any person who has physical or mental impairment that substantially limits one or more major life activities (walking, seeing, hearing, speaking, breathing, learning, and working), has record of impairment, or is regarded as having such an impairment. The Center for Academic Success provides a variety of academic and support services based on the individual needs of each student. Reasonable accommodations in courses may be requested by filling out the [Accommodations Request Form](#), available in the Graduate Student Resource Center. Current documentation from a licensed professional such as a medical doctor, clinical psychologist, neurologist, etc. is required for accommodations and should be included in the accommodation request.

CAREER SERVICES

[Career Services](#) provides students and alumni with vocational and career advice. Assistance is available through assessment inventories to target career strengths as well as skill development through mock interviews and résumé critiques. Several opportunities each year provide access to job fairs on and off campus. Additionally, graduate students are encouraged throughout the program to explore and reflect upon their unique gifts and calling within God's design for their life. You may contact **Amy Petke, Director of Career Services**, by phone 706-212-1491 or email apetke@tfc.edu.

STUDENT COUNSELING SERVICES

Personal or relationship counseling services are available to care for and support the emotional needs of graduate students in a safe and confidential environment. The [Student Counseling Center](#) works with students to explore issues of concern, process grief and trauma, examine stress and changes while juggling multiple responsibilities as a student, and handle other areas of psychological distress. They strive to offer high quality care in a safe place through individual or group therapy sessions. The Center's licensed counselors will partner with other campus departments to provide outreach opportunities on a variety of mental wellness topics as well as help refer students to off-campus therapists.

SPIRITUAL FORMATION

The [Office of Spiritual Formation](#) (OSF) at Toccoa Falls College seeks to create an academic and campus environment where students, staff/administration, and faculty can develop a robust understanding of Christian formation and engage in ongoing practices that nurture it. Simply stated, TFC wants to be a community that continually explores and practices what it means to love God with all our heart, soul, mind, and strength, and to love others as we love ourselves (Matt 12:30-31). Since Christian formation is holistic in scope, the OSF is committed to shaping a college experience—either on campus or online—that places formation at the heart of both classroom and community life. Chapel services take place on Tuesdays and Wednesdays at 10am, with special services in the evening throughout the semester. These are accessible to graduate students online via this [link](#) to access [Toccoa Falls College Chapel](#).

Throughout one's graduate career, students are encouraged to participate and collaborate with professors/instructors to ensure the purposeful integration of faith and learning in the classroom with an eye toward faithful living in the world.
